

Addiction Recovery Resource Fair of Mount Baker

Nathan Stueve
BE 505 Studio
January 24, 2018

Project Overview

- Numerous community assets relevant to the Addiction Recovery Continuum are situated in and around Mount Baker, including behavioral health centers, social service agencies, and support group meetings.
- Greater coordination and enhancement of addiction recovery support in this area can save lives, reduce public costs, and strengthen community resilience in Mount Baker.
- What is proposed here is a monthly Addiction Recovery Resource Fair, to be held in the parking lot of Lowe's Home Improvement at 2700 Rainier Avenue South, featuring support group meetings and representatives from recovery support agencies.
